ON TRANSBOUNDARY CONSULTATIONS FOR THE CURONIAN NORD OFFSHORE WIND FARM IN THE LITHUANIAN MARINE TERRITORY OF THE BALTIC SEA

On 4 September 2024, the Republic of Lithuania notified the affected countries of a proposed project - a major installation for the harnessing of wind power for energy production (a wind farm) proposed by a Lithuanian developer JSC "Ignitis renewables" - Installation and operation of the Curonian Nord offshore wind farm (hereinafter – CN OWF).

The planned project includes:

1. construction and operation of the CN OWF and its related infrastructure in the Baltic Sea, within the territory approved by Government Resolution No. 171 (identified as "Area A" in the Engineering infrastructure development plan), including the transmission and integration of the generated electricity into the onshore transmission system operated by the Transmission System Operator (hereinafter – TSO);
2. installation and operation of the necessary electricity transmission infrastructure to connect the OWF identified as "Area D" to the onshore TSO network, including engineering infrastructure development, integration and exploitation.

In view of your stated intention to participate in transboundary environmental impact assessment procedures also additional information on the documents to be submitted and in accordance with Article 4(2) of the Convention on Environmental Impact Assessment in a Transboundary Context (Espoo Convention) we hereby submit the environmental impact assessment report (in English) and the summary of the environmental impact assessment report (in English and Latvian)¹.

Regarding public participation in accordance with Article 4(2) of the Espoo Convention, we would like to ask to ensure that the documents are made publicly available and provide sufficient time for the public to participate in order to provide comments and suggestions on the EIA report.

The environmental impact assessment report will be made publicly available in Lithuania on 10 October 2025. At the same date the EIA documents will be published on the website of the Ministry of Environment of the Republic of Lithuania.²

Considering that Latvia expressed its willingness to participate in the public hearing of the environmental impact assessment report, we would like to inform you that the public hearing in
